

DID YOU KNOW?

Teachers, surveyed recently, report that they spend an average of \$500 a year of their own funds to purchase items or services they need for their students.

This year state budgets have been negatively impacted due to COVID-19 emergency spending—they will be cutting school budgets drastically! Teachers may be in the classroom or teaching virtually. Supplies will be limited!

Help Our Teachers Fund

The Foundation for Impact on Literacy and Learning, Inc., a 501c3 nonprofit, has created the Help Our Teachers Fund to assist teachers with classroom teaching expenses that would often come out of their pockets.

Teachers, across the U.S., will be able to apply for a grant of up to \$500 to use for expenses related to a special project or classroom supplies during the 2020/2021 school year.

Our goal is to raise a minimum of \$50,000.00 to Help Our Teachers! The number of grants available will depend on the amount of funds raised by the end of the year.

FILL is generously investing in \$10,000.00 to help launch the fund. We hope we can count on your financial support to make an impact in our nation's classrooms.
