

## LESSON 4

# SHARE, SUBMIT & CELEBRATE!

### Activity 1: Share Your Outcomes

Create a final document of 2–4 pages (Word, GoogleDocs etc.) explaining your project and outcomes.

Here are the required details you must include:

- Must be in English and typed
- Title of your project
- Each student's first and last name on the team
- Teacher's Name
- School Name
- City, State
- What did you learn in your research about your topic? (50–100 words)
- What was the project you did and what actions did you take to create solutions to the problem? (125–250 words)
- Two Photos or illustrations (can be hand-drawn illustrations) of the actions your team conducted
- A graph, chart or infographic that reflects your outcomes
- Conclusion and reflection of what your team learned about the topic
- Ideas on how you can continue to move the project forward

### Activity 2: Submit Your Final Document To Your Teacher

All final document of 2–4 pages need to be saved as a PDF document and then shared with your teacher to upload. Make sure to save the PDF with your school name, teacher name, your city and the first name of each person on your team.

### Activity 3: Celebrate with Your Team!

Ask your teacher if you could plan a party (free period or lunch time) to celebrate with all the project teams. See if you can convince a parent(s) to bake a cake or cupcakes for the party.

**Congratulations on your contribution  
to protecting our earth!**
